

To the Brothers of Omega Psi Phi Fraternity, Inc:

Our Fraternity is about to embark on a very important issue that is keeping our Brotherhood Healthy. We know that some of our Brothers are suffering from Cancer, High Blood pressure, enlarged Prostrate, Sugar diabetes, etc. it is also good for Brothers who are Healthy. It's just like MoM said "if you eat enough fruits and vegetables the body will heal itself." So we are introducing a product called Juice Plus+ to the Fraternity. Juice Plus is 17 different fruits, vegetables and grains in a convenient and inexpensive capsule. Once you take one fruit and one vegetable capsule you will have EIGHT serving of fruits and vegetables in your body.

Following the footsteps of our Past and Present Grand Basileus.-*

Bro. Dorsey Miller laid out the reality for us. He said "we must as Brothers replace the euphoria with reality." And reality is that we as Brothers do our part by supporting our beloved Fraternity. Bro. George Grace talked about the struggle and wants every Chapter to adopt a street named after Martin Luther King in their Community to keep it clean and redevelop it.

Our present Grand Basileus Bro. Warren Lee Jr. talked about the importance of conducting the business of Omega this will be our main focus. He said to all Brothers throughout the world they should support the fundraising effort of the Brothers.

We are going to use Juice Plus + as a fundraiser for the Fraternity. Every order we make the Fraternity will get a percentage of the sales. There will be charge \$39.75 a month N.S.A. ship out a four month supply. It is payable in four monthly installments. More about the Structure we would like every Grand and Supreme Council Member make an order and become a distributor under the Fraternity. And all of the District Representatives become distributor. In this way we can contact each Chapter with the necessary paper work and information.

If I can be of further assistance please contact me
