WHAT IS A CONCLAVE WITH A PURPOSE?

A "Conclave with a Purpose" is a dedicated and action-driven meeting of the members and partners of Omega Psi Phi Fraternity, Inc. aimed at tackling the social inequities facing Black America. This movement vigorously challenges the whitewashing of Black history and culture in school curriculums and education standards, ensuring that our true heritage is accurately represented and taught. We will make banned and culturally significant books accessible to our community, empowering individuals with the knowledge of their roots and identity. By advocating for the eradication of implicit bias in the criminal justice system and policing, we strive for a fair and just society. We are committed to registering and mobilizing 100,000 more Black male voters, fostering political participation and representation. Moreover, we educate our current and future community leaders on generational wealth, equipping them with the tools to build lasting economic empowerment. In our relentless pursuit of change, justice, and equality, we march united, driven by the vision of a more equitable future.
