Message from the 39th Grand Basileus

Brothers,

I greet you in the name of our Supreme Basileus of the Universe and the spirit of our Insightful Founders. Let me start by saying that I am both humbled and honored to serve as the 39th Grand Basileus of the Omega Psi Phi Fraternity, Incorporated. As we prepare to celebrate 100 years of service to our community and the world, we must set our sights on doing all that we can to move toward the next 100 years in Omega.

The existence and success of Omega has been and continues to be a result of dedication, tradition, pride, and enthusiasm. I am constantly reminded of the many sacrifices our Founders made as they created this great organization. They built a solid foundation and remained active to ensure like-minded men would represent Omega well, while uplifting their communities. As I reflect on a time I met Founders Cooper and Love, they said “...*young brothers, we gave birth to Omega, but it is up to you to keep Omega alive.*” I will never forget those words and the spirit and passion in which they were shared. To that end, it is our obligation to take the necessary steps to make sure Omega thrives for future generations.

While we live in a different world today, Omega Psi Phi Fraternity, Incorporated is as relevant today as it was in 1911. As you review the following pages, you will see that our brothers are making a difference in the world in which we live. I salute all brothers who are an asset to Omega Psi Phi Fraternity, Inc.

In closing, I look forward to a once-in-a-lifetime Centennial Conclave celebration and seeing you in Washington, DC. Long Live Omega Psi Phi Fraternity!

Fraternally yours,

Andrew A. Ray

Message from the Grand Chaplain

Ninety-nine years ago, I would imagine that our Founders were moved and motivated by **Isaiah 61:1-5** *The spirit of the Sovereign Lord is on me, because the Lord has anointed me to preach good news to the poor, he has sent me to bind up the brokenhearted, to proclaim freedom for the captives and release from darkness for the prisoners. To proclaim the year of the Lord's favor and the day of vengeance of our God to comfort all who mourn, and provide for those who grieve in Zion to bestow on them a crown of beauty instead of ashes, the oil of gladness instead of mourning, and a garment of praise instead of a spirit of despair. They will be called oaks of righteousness, a planting of the Lord for the display of his splendor. They will rebuild the ancient ruins and restore the places long devastated. They will renew the ruined cities that have been devastated for generations. NIV*

"The Year of Jubilee" is a biblical Ancient Israel celebration, where every 50th year was designated as "*The Year of the Lord's Release!*" During the course of that year, there were several key events that unfolded: debt was canceled; slaves were set-free; and every inheritance that was lost, was restored! As an organization, Omega Psi Phi Fraternity, Inc. has survived the test of time. Omega may not have been all that God desired, but God has allowed her to reach the centennial milestone, which is her time of "Double Jubilee." Which means, God is ready to bring us out, over and through all the trying times we have endured; He's going to confound our enemies and silence all of our critics.

Nobody but God could take a Shepherd's Stick and through Moses' hand, split the sea like a sidewalk! Nobody but God could take a rock and a slingshot, and through David's hands, conquer a giant that nobody else was able to conquer! Nobody but God could take a Booker T. Washington with less than a chance, plant him in Tuskegee, AL and enable him to transform a wilderness into an institution of higher learning! Nobody but God could take a poor struggling Harriet Tubman with just a six-shooter to create an Underground Railroad for transporting slaves to freedom! Nobody but God could take the callous worn, tired feet of Rosa Parks, and through her sitting-down make the whole world stand-up! Nobody but God could take a Governor Douglass Wilder... and turn the dead-end streets of Virginia's racial prejudice... into an open highway of freedom and hope! Nobody but God could take a young black, unknown charismatic, community organizer on the southside of Chicago, and get him elected as The President of the most powerful nation in the world!

It's nobody but God who can "flip the script" and make things that were hurting us, start to help us! In fact, it's often the will of God to speak a word to us that flows in the exact opposite of our logic and conclusions! God has the power to call those things that be not as though they are, and then use His prerogative to make them be, what He said they are! WHY, because God Is Sovereign!

And God is saying to each of us: keep moving, take the next step, don't stop, don't quit and don't give-in because Omega is about to experience "Double Jubilee." She's coming out of any doom gloom or destruction that has plagued her. Omega's next 100 years will be even greater than her former. The Founders are shouting from the Celestial gates in glory for us to believe this message, because we have survived the test of times. Long Live Omega Psi Phi Fraternity, Inc.!

Yours in Christ and Brotherhood,

Christopher T. Curry

Omega Psi Phi Fraternity, Incorporated

Omega Psi Phi Fraternity has joined forces with President Barack Obama to promote fatherhood and highlight the importance of fathers playing an active and responsible role in the lives of their children.

Chapters are asked to help raise the awareness about the importance of responsible parenting and celebrate exemplary fathers who are engaged in their children's lives.

They also should form partnerships in their communities that support fatherhood programs. "We have a unique opportunity to get what the Founders envisioned and give back to our communities," said Brother Ray Johnson, Basileus of Beta Kappa Kappa Chapter in High Point, N.C. and a member of the Fatherhood Initiative Committee.

"It is important that we take that stand," Johnson said.

Omega Psi Phi Fraternity is the only Greek -lettered organization to be a strategic partner in the effort, said Brother Thabiti Boone, international committee chairman.

"With the leadership of Grand Basileus Dr. Ray, the Supreme Council and the support of all Omegas, we will continue to be on the front line for President Obama, leveraging our Omega power, influence and 100 years of commitment to uplifting our people and communities," Brother Boone said.

In June 2009, Brother Boone attended a meeting

at the White House on fatherhood and mentoring. Throughout those meetings, he noticed there were no representatives from other black-Greek organizations. He then shared with those at the meetings that he was an Omega and the Fraternity may be willing to support the effort.

President Obama and his staff gladly welcomed the Fraternity to be a part of the initiative. A resolution to support the Fatherhood Initiative was approved during the 76th Grand Conclave in Raleigh, NC.

"This is an historic milestone in the history of the Fraternity," Boone said. "Omega is a 100 year-

old fraternal organization that is working side by side with an African-American president."

Three years ago, President Obama created a national dialogue by asking fathers and families of all backgrounds to share the challenges they faced.

"I recognize and honor how critical every father is in the lives of their children... we also need fathers to realize that their responsibility does not end at conception...we need them to realize that what makes you a man is not the ability to have a child, but the courage to raise one....nowhere is father absence more critical than in the African-American community."

President Obama has continued the dialogue through the Fatherhood Initiative. He has requested a \$500 million budget for a Fatherhood, Marriage and Families Innovation Fund.

The fund would issue grants to non-profits that support fathers and families, including job training programs and economic incentives. The initiative would also make funding available for domestic violence and ex-offender programs.

Such efforts are sorely needed, Brother Boone said. According to the National Responsible Fatherhood Clearinghouse (NRFC), reported that there are about 25 million children who do not live with their biological fathers.

Children without a father are at least two to three times more likely to be poor, to use drugs, to experience educational, health and emotional and behavioral problems.

"It is important that we take that STAND"

International Fatherhood Initiative

They are more likely to be victims of child abuse and to engage in criminal behavior than their peers who live with their married, biological (or adoptive) parents, according to the research. Children with involved, loving fathers are significantly more likely to do well in school, have healthy self-esteem, exhibit empathy and pro-social behavior and avoid high-risk behaviors, the study revealed.

Brother Robert Fairchild, Former Grand Keeper of Records and Seal and committee co-chair, said local chapters must play a critical role in this national effort.

Chapters should find ways to work to change government policies in their communities that address the custodial rights and support projects that assist fathers.

Government agencies should be challenged to cross departmental lines to foster better communications, and create working relationships to assess and address policies that affect a father's involvement in the lives of their children.

"The absence of a father has a significant impact on a child," Fairchild said. "We can put our collective arms around this problem and by doing so; we can make a very powerful statement." Fairchild said most fathers want to be involved with their children, but are challenged by many barriers, such as child support, incarceration, unemployment, and visitation rights.

"In meetings we have held with fathers, you can see the frustrations they

are experiencing," he said. "When you see that frustration, it is evident that some men are trying to do the right thing."

In recent years, the Fraternity has hosted forums during at the annual Congressional Black Caucus weekend in Washington, D.C.

The forums were co-sponsored by Jim Clyburn, Jesse Jackson Jr., Hank Johnson and Kendrick Meeks, who are each members of Congress and Omegas. Those sessions were packed and well received, Fairchild said.

Since the launch of the initiative, various Fraternity members have met with government officials. Brother Boone has testified at Congressional hearings in support of the Fatherhood Initiative legislation.

He also attended a town hall forum at Morehouse College that was sponsored by the White House. U.S. Attorney General Eric Holder participated in the dialogue.

The Fraternity's Fatherhood Initiative Committee has representatives from each district.

Throughout the year, Fraternity members who are fathers will be asked to sign pledge cards where they promise to be responsible fathers and play an active role in the lives of their children.

The Obama administration has launched an e-newsletter at Fatherhood.org, offering parenting advice and stressing the role of dads in families.

- *Men from intact families are 8.7 percent more likely to live with all of their children under the age of 18 than men who did not.*

- *Children who live with neither parent are more likely to live in poverty (47.8 percent); followed by 38.4 percent of children who live only with their mothers, 19.4 percent who live only with their fathers and 7.8 percent of those who live with both parents.*

- *Forty-eight percent of black children in single-parent households live with their mothers.*

- *Between 1970 and 2004, the percentage of two-parent families in the U.S. decreased from 87.2 percent to 67.6 percent, and single parent black families rose to 63 percent by 2004, while the majority of white and Hispanic children remained in two-parent families.*

Alpha Nu Chapter sponsors Blood Drive

Stamford, CT - Alpha Nu Chapter, in partnership with Union Baptist Church, conducted a blood drive which took place on Saturday, November 6, 2010. Thanks to the coordination and planning of Brother Mike Pollard, the Blood Bank received over 46 pints of blood.

Alpha Nu participated in several ways including blood donations, escorting donors from the donation table to recovery area, and replenishing the canteen for donors with fruit and other items. The Chapter had 10 brothers in attendance for this early fall social action activity. Alpha Nu will continue with special family projects, including the Thanksgiving and Christmas projects. The Chapter sponsors "Feed the Homeless" in the Bridgeport Connecticut area.

Re-Activation of Gamma Chapter *Making a difference in the Boston Area*

Boston, MA—Authorized on December 13, 1916, Gamma Chapter just recently celebrated its 94th anniversary with great pride and celebration. In 1996 Gamma Chapter, like many of our Fraternity's single letter chapters, fell inactive. Yet through the tireless efforts of many brothers, young and old, it is with great enthusiasm and uncontrollable joy, that we announce to you that Gamma Chapter has been *REACTIVATED*. Twelve brothers, thoroughly immersed in the true Omega spirit, have gained financial status in the chapter, thus lifting it out of its inactive state. The members consist of past Gamma undergraduates who were either reclaimed or transferred from their current chapter into Gamma.

Brother Claude Tolbert (Spring 1992) vigorously worked with the First District executive team, to orchestrate the path to reinstatement. It is now up to us to make sure Gamma Chapter reclaims its greatness. Our chapter mission centers around reestablishing our presence in the Boston area through planned social events and community outreach. Our intent is to restore the legacy of Gamma leadership in Boston and to attract quality undergraduate members to continue the tradition begun December 13, 1916.

As Bishop Love stated, "*First and foremost a Que must be a man of sterling worth...*" Bishop Love wrote this in a letter to William James on November 7, 1963. We know Bishop Love is delighted that he took the time to live unselfishly and to challenge other men to do so. If you have ever had the opportunity to visit Gamma Chapter you know our monarch "GAMMA CHAPTER, NO QUESTION!" There is no question that our beloved Founder Bishop Edgar Amos Love's legacy continues on.

Brother John Gibbons confirmed as U. S. Marshal for Massachusetts

Agawam, MA - Brother John Gibbons was initiated into the Fraternity in 1984 at Delta Chi Chapter and is a Life Member. He has held the offices of Chapter Basileus, Chaplain and District Chaplain. Brother Gibbons is active in the community and his church, Chair of the Deacon Board at MLK Jr. Church. He holds a BS and MS from American International College and retired from the Massachusetts State Police at the rank of Detective Lt. after 20 plus years on the job.

Brother John Gibbons, 53, is a native of Newark, N.J. who currently resides in Agawam, Massachusetts. He is a former football star in both high school and college. Shelby Gibbons is his wife of more than 25 years and a college administrator at Springfield Technical Community College. Their son, Jonathon Gibbons, graduated

In July 2009, the late U.S. Senator Edward M. Kennedy and U.S. Senator John F. Kerry, D-Mass., recommended Brother Gibbons for the U.S. Marshal's position for Massachusetts to President Barack H. Obama.

President Obama submitted John Gibbons' name for confirmation in November and on December 24, 2009 the full senate voted to confirm Brother John Gibbons as the new U.S. Marshal for the Commonwealth of Massachusetts. FIRST DISTRICT

(l-r) Brothers Adams and Hodge

Birmingham, England—When our Founders charted the course of our beloved Fraternity almost 100 years ago, it is without question that while they sought to expand beyond the halls of Howard University as evidenced by their desire for national incorporation, they could hardly have imagined planting fraternal seeds in the United Kingdom. Building this once impossible bridge are two Omega men made in the First District: Brothers Trevor Hodge and Chris Adams.

Based in Birmingham, England, Brother Trevor Hodge arrived in the United Kingdom in September 2009. Shortly after his arrival, he connected

Transcending New England *The 1st District's Reach into the United Kingdom*

with the Theta Rho International Chapter (European Chapter) based primarily in Germany. Since arriving there, he's been appointed the chapter's first ever United Kingdom Area Coordinator. Among other responsibilities, this role requires him to represent the Chapter and the Fraternity in his designated area and manage membership and social action activities.

Within the past few months, he's spearheaded a mentoring partnership with Hamstead Hall School where mentoring and tutoring services are provided to black male students. Through Brother Hodge's initiative, the Fraternity has established a relationship with a center that provides services to black and other minority families who are victims of domestic violence.

Brother Hodge was initiated in 2008 in the Delta Chi Chapter, Springfield, MA and is the Head of Postgraduate Recruitment at Coventry University.

Brother Chris Adams arrived in the United Kingdom in July 2010 and is based in London, England. Initiated in 2009, he brings to the UK Area, experience from (his chapter of initiation), Eta Phi, Boston, MA and more recently, through his work in Omicron Gamma Gamma, Arlington, TX. Brother Adams has been actively engaged in the making of Omega history in the United Kingdom. Specifically, he has been tasked to lead the post-initiation education process of the first ever Omega man to be made on United Kingdom soil. Brother Adams currently works as a Fixed Income Trader with Eiger Securities of London.

Brothers Hodge and Adams are the critical conduits in the United Kingdom's expansion of Omega Psi Phi Fraternity, Inc.

Brother Scott Watson Ordained to Priesthood

(l-r) Bishop Jerome and Father Irenaeus (Scott Watson)

Rockland County, NY- On Sunday, December 5, 2010, the words Axios! Axios! Axios! (meaning “worthy” in Greek) resounded throughout the nave of Saint Nicholas Russian Orthodox Church in Millville, NJ. These traditional acclamations proclaimed that Brother Irenaeus (Scott) Watson, the Chaplain of Xi Lambda Lambda Chapter of Rockland County, New York, had been ordained a priest in the Russian Orthodox Church Outside of Russia (ROCOR).

A 1981 graduate of Appalachian State University, Father Irenaeus (Scott) Watson, is a 30-year member of Omega Psi Phi Fraternity, Inc., initiated on the charter line at Appalachian State May 17, 1980. He served as Basileus of the then colony, which is now Psi Mu Chapter. During his years at Appalachian State University, he was elected to membership in the Gamma Beta Phi Honor Society and the Pi Gamma Mu Social Science Honor Society. Father Irenaeus is also a 1993 graduate of Fuller Theological Seminary in Pasadena, CA, where he served on the adjunct faculty as a Greek Teaching Fellow following his matriculation.

He has been an active Omega man in his post-undergraduate experience in Zeta Tau Chapter, Pasadena, CA; Beta Phi Chapter, Durham, NC; and presently Xi Lambda Lambda Chapter, Rockland County, NY. He has served as an officer in each chapter and has also been awarded the Omega Man of the Year Award in each chapter.

Father Irenaeus is one of a handful of Black clergy in ROCOR, which has traditionally been a strongly ethnic Russian Orthodox jurisdiction with services conducted in the language of Old Church Slavonic.

Father Irenaeus is a Western Rite Orthodox priest, who celebrates the Divine Liturgy according to a form of

the Roman Rite. His desire is to embody true Christian manhood and shine the light of Jesus Christ in the world through the Holy Orthodox Christian Faith. Father Irenaeus will serve as priest at Saint Ambrose Orthodox Church, Putnam Valley, NY. He is married to Matushka Eudocia (Jennis) Brandon-Watson. They reside in Suffern, New York. May God grant many years to his priesthood!

Omicron Chi honors the late Baseball Legend Brother Joe Black

Plainfield, NJ--On Saturday, September 25, 2010, the men of Omicron Chi Chapter participated in a ceremony to formally rename the Hub Stine Baseball Complex the “Joe Black Baseball Field.” Brother Black, a native of Plainfield, NJ died in 2002 at the age of 78. The late Brother Black became the first black player in Major League Baseball history to win a World Series game, when he pitched the Brooklyn Dodgers to a Game 1 victory over the New York Yankees in 1952. Brother Black earned “Rookie of the Year” honors that same year. He pitched three more seasons with the Dodgers before playing for Cincinnati and Washington.

After retiring from baseball in the late 1950s, Brother Black returned to his native Plainfield where he taught at the city’s Hubbard Middle School. The late Brother Black is believed to be the only player in Major League Baseball history to teach in a public school after retiring from baseball. After teaching, Brother Black went to work for the Greyhound Bus Co. in Arizona where he became an executive for the firm.

Plainfield city officials settled on renaming the baseball field where Brother Black once said he wanted his ashes scattered when he died---the same ball field where a Major League Baseball scout once told Black that he would never play professional baseball because of the color of his skin.

Brother Joe Black was initiated into Omega Psi Phi Fraternity in 1946 through Pi Chapter at Morgan State University and also received Master’s Degrees from Seton Hall and Rutgers Universities.

Omicron Chi Partners with area organizations for Dr. Charles Drew Blood Drive

Plainfield, NJ- On Wednesday June 9, 2010, the Omicron Chi Chapter hosted a community-wide blood drive. The Dr. Charles Drew Blood Drive was held at the Boys and Girl Club of America in Plainfield, NJ with the primary goal of supporting the fight against Sickle Cell disease in the African-American community. The Eastern Region office of the American Red Cross facilitated and staffed the event.

Omicron Chi Chapter's blood drive was held in partnership with Mu Gamma Gamma Chapter of Omega Psi Phi Fraternity, Nu Xi Omega Chapter of Alpha Kappa Alpha Sorority Inc., the Central New Jersey Chapter of NPHC, and Boys and Girls Club of Plainfield, NJ. The Keystone Club, the teen leadership group of the Boys and Girls Club, took lead on coordinating and advertising the blood drive to the local Plainfield community.

The event was a tremendous success with 52 donors participating throughout the day. Thirty two pints of "usable" blood were collected and immediately available for distribution by the American Red Cross.

"We certainly enjoy partnering with Omega men on the many community service projects they have!"

Delta Upsilon Chapter hosts Annual Health and Career Fair with AKAs

Trenton, NJ—On October 9, 2010, the Delta Upsilon Chapter, in cooperation with the Epsilon Upsilon Omega Chapter of Alpha Kappa Alpha and the Institute for Wonderful Women Working for Empowerment, sponsored a community health fair in an effort to raise awareness of healthcare needs and careers in the healthcare field. Over 200 people attended and participated in a variety of health screenings and health awareness workshops.

In an interview with the Trentonian local newspaper, Brother Ron Williams, health initiatives chairperson for Delta Upsilon Chapter, said, "health and employment are major focuses for Delta Upsilon, which is why we helped organize and participated in the event."

"For more than 60 years, Delta Upsilon Chapter has supported and participated in many events that bring health education and health awareness to the greater Trenton community," Williams said. "Teaming with two fine organizations like the AKAs and IWWWE helps us get our message out to an even broader audience."

The benefits of being reclaimed and an ACTIVE member of Omega Psi Phi Fraternity, Inc.

Trenton, NJ – October 2010 - As I meet brothers, who for one reason or another, aren't active members of Omega Psi Phi Fraternity, Inc., I remind them -- as should you – we need them!

Why? The benefits of being recognized as a fully reclaimed and active member of our beloved Omega Psi Phi Fraternity, Inc. rests on the pedestal of our Founders. In the blind darkness of fear, tears and uncertainty, their commitment and acceptance of Omega and the good of humankind should be continued with unwavering and steadfast determination.

In my opinion, the answer to reclamation and active membership, start and end with the principal reason many of us joined the Fraternity. Whether it was during our pre- or post- college years, Omega touched our life in some significant way. For many of us, at the very core of our reason for searching and acquiring the knowledge of Omega was to be a part of an organization of like-minded men, but more importantly, many simply wanted to serve the greater good. Regardless of any other personal selfish motivation one may have had, the true underlining reason for many seeking Omega was the ideal that “collective” efforts would have a greater impact on world and life events than any individual effort going it alone.

Some of us will agree that throughout our lives, we did not become who we are by ourselves. Whether it was a spiritual epiphany or a strong neighborhood watch program or a family that was there every step of the way or another individual who was supportive and encouraging, most of us would undoubtedly agree, that we had help.

Many of us saw Omega to be that institution where collective wisdom and sweat equity could have a significant influence in addressing the social ills of our times while at the same time building the kind of positive character and lives that we wished to lead ourselves. Yesterday, today and tomorrow,

through the cardinal principals, many of us continue to embrace and carry the message of work collaboration and responsibility to others. The sojourn never ends. This brings us back to the question of what benefit is derived from being a fully reclaimed and active Brother of our great Fraternity?

The answer lies not in any personal benefit that you may seek or acquire by your active participation in Omega. Rather, the real benefit comes from how much others will benefit from your active participation and involvement. By being fully reclaimed and active, you are supporting the Fraternity's cardinal principles, programs and events through your experiences, knowledge and financial commitment, all the while helping to build a lasting legacy for those following in our path. It is the service to others that is your benefit and the feeling that as an active participant in the Omega family, something greater can be accomplished.

In reality, each individual seeking Omega has two goals. The first is to become Omega. It is a rudimentary and finite goal and whether you “pledged” or are selected, it is attained by everyone who takes our sacred oath. The second goal, however, is a loftier one and is rarely accomplished by the “TRUE” Omega Man. This goal is at the very core of Omega's ideals and its existence. It is the goal with which our beloved Founders set for themselves and others in order to build the strong and lasting bridge known as Omega Psi Phi. It is the goal to continually serve others. It is the benefit that one receives when one is fully reclaimed and active. There is always more work to be done for those less fortunate. So embrace this benefit and join other “TRUE” Omega men in getting closer and closer to accomplishing this indefinite goal. Your benefits will be substantial. **DON'T YOU JUST LOVE COOPER & COLEMAN** and the principles of our beloved Fraternity?

Theta Mu Mu Chapter helps students “Put Their Best Foot Forward” & Steps Out with the American Diabetes Association

Baltimore County, MD- On Sunday, August 29, 2010 brothers of Theta Mu Mu Chapter donated over 100 pairs of brand new shoes to Empowerment Temple A.M.E. Church’s Best Foot Forward Campaign. Rev. Dr. Jamal H. Bryant, pastor of Empowerment Temple A.M.E. Church, led efforts to collect new sneakers, hoping it would provide equal footing for students to put “their best foot forward.” Theta Mu Mu Chapter donations were acknowledged during the morning service. Over 3,000 pairs of shoes were collected and students from all over the city were able to come to the church to receive them. This is the first year the church has sponsored the event, but organizers hope it's the first of many years to come. Students also picked up school supplies to head back to school with a bang.

Baltimore County, MD-

On Saturday, October 2, 2010 brothers of Theta Mu Mu Chapter volunteered at the American Diabetes Association (ADA) Step Out 5K: Walk to Fight Diabetes at Rash Field in Baltimore’s Inner Harbor. The ADA is the only non-profit organization supporting all 23.6 million Americans living with diabetes—including type 1 and type 2 diabetes; children and adults. The Association funds research to prevent, cure and manage diabetes; delivers services to hundreds of communities; provides objective and credible information; and gives a voice to those denied their rights because of diabetes. Diabetes is one of the most serious health problems the African-American community faces today. Compared to the general population, African-Americans are disproportionately affected by diabetes. Brothers of Theta Mu Mu were involved with on-site registration, VIP parking, and race logistics/breakdown. Every dollar raised helps the American Diabetes Association provide education programs in our community, protect the rights of people with diabetes and fund critical research for a cure.

Bronze statute of Brother Dr. Ernest Everett Just dedicated at Maryland School

Prince George's County, MD - It is the only school in the country named for Dr. Ernest Everett Just. And now, it is the only place in the country that has a statue in the likeness of the esteemed Brother Dr. E. E. Just.

On August 20, 2010, a long-time dream was realized with the ceremonial unveiling of Brother Just's majestic statue before a large contingent of brothers and supporters. The statue in front of the Ernest Everett Just Middle School in Prince George's County, MD, marks the historic accomplishments of an African-American scientist who achieved and excelled in the biological sciences field while breaking through many difficult racial and social barriers. For Omega Psi Phi Fraternity, Inc., the bronze likeness is a testament to the timelessness of the Four Cardinal Principles and a man who helped create them. The statue will forever be a monument to Brother Dr. Just's commitment to Scholarship.

Approximately 200 brothers from Gamma Pi Chapter and the surrounding area, along with community representatives, dedicated the statute to Brother Dr. Just at the front of the school. Numerous dignitaries attended, including U.S. Representative Donna Edwards and Brother State Senator Ulysses Currie. Kathryn Just, of Washington, D.C., a granddaughter of Brother Dr. just, was also in attendance.

At the center of the years-long effort was the eight-year-old Ernest E. Just Foundation, which is headed by Brother Wesley Jarmon, Jr., a member of Gamma Pi. Brother Jarmon has dedicated the past several years of his life working with Maryland State officials, the Prince George's County School Board and the Just Foundation, as well as several Just family members, to have the statue crafted and erected on the school property. Other supporters include the Omega Life Membership Foundation. Brother State Senator Ulysses Currie, who represents the local community in the State Legislature, also worked diligently on the project behind the scenes. He introduced a bill to sponsor the \$150,000 funding for the project. The project got the final go-ahead in March 2009 when it was announced at the Governor's Cabinet Meeting.

Ironically, Brother Jarmon previously served the Just Middle School as a PTA president. For years, he envisioned a statue on the school's grounds as a tribute to Dr. Just's work in the sciences, not to mention his legacy as a Founder of the Fraternity. Thousands of Omega men

are within an hour's drive of the statue, and hopefully every Omega man who comes to the area can make their way to this magnificent sculpture. Brother Just's final resting place is not far from the school at the Lincoln Memorial Cemetery in Suitland, MD.

Brother Jarmon says the Brother Just likeness is more than just a statute, it's also an inspiration to students at the school to develop an interest in science and excel at it as Brother Dr. Just did, even under unpleasant and trying circumstances. The inscription on the statue carries some powerful words of wisdom and challenge for a new generation of African-American scientists. It reads: *"May the students that pass through these halls, find the seeds of the spirit of learning that Dr. Just planted to enhance everyones education."*

The statue, which stands seven-feet tall and weighs about 800 pounds, is the handiwork of world class artist Antonio "Toby" Mendez, who was commissioned in 2007 to build the bronze casting structure. Mendez is from Frederick, Maryland. The actual costs of the sculpture was \$90,000 which allowed the other funds to be returned to the state.

"I really think it was very successful. The symbolism of having a statue of Dr. Just for kids to go by and see every day is so important for them to aspire to what they want to do," said Brother Jarmon. "To know the struggles he went through to get to where he was, of course they can do the same thing. That is something that will always be there as a constant reminder of what they can do."

Tau Pi Chapter- Mentoring 101

Columbia, MD - The brothers of Tau Pi Chapter are at it again with their latest group of mentors and mentees. Under the leadership of Brother Bart Griffin, Tau Pi's 2009 Omega Man of the Year, the mentees are learning some of life's critical lessons. First and foremost, the mentoring program serves as a catalyst to develop critical thinking and study skills, accountability, responsibility, self-worth and personal development among the young men.

This no-nonsense work environment is fully supported by the young men's parents as they provide transportation to and from an early Saturday morning session. Activities include teaching the young men how to research various topics, proper etiquette, and tying a necktie. The goal is to teach these young men in both the realms of academics and social development.

Lambda Gamma Gamma

"2010 Youth Leadership Conference"

Bowie State University, Bowie, MD - September 25, 2010, The Capital Region Ques of Lambda Gamma Gamma (LGG) Chapter presented the annual Youth Leadership Conference. The event was coordinated by Brother Lonnie McAllister II, Committee Chairman, and at held Bowie State University. The event provided an opportunity for young boys and girls from the metropolitan areas to benefit in life lessons, attitude and respect, dress to impress and motivation to reach goals. This event shows the commitment to the community from the brothers of Omega Psi Phi Fraternity.

The conference hosted 300 youth and their parents. The age group was 12 -18 years of age. The day started out with registration for kids and parents with a light breakfast served. Registration consisted of an Uplift Foundation YLC T-shirt, raffle tickets for prizes, and tickets to the Bowie State football game later on that evening.

During the registration kids were seated in the auditorium and participated in a forum on the proper way to handle adversity. At 9:00 am, the conference started with the opening session with keynote speaker, The Honorable Brother Ronald C. Machen, Jr., the U.S. Attorney for the District of Columbia. Brother Machen shared some of his life experiences and experiences in the legal profession. The students were captivated and impressed by his professional accomplishments. Normally, they only see someone like him reaching the heights of a career they have only seen on "Law and Order."

The students were then separated by gender and the ladies had a session on how to be a lady, how to respect oneself, and how to gain and demand respect. The young men's session was how to present oneself, how to dress and impress, and present a better attitude as a young man. LGG Basileus Brother Willie Williams praised the students and their parents for attending the sessions and investing their time for a brighter future.

Kappa Chapter– sponsors “Think Tank” to help others

Syracuse, NY (August 8, 2010). Brothers of Kappa Chapter collaborated with members of Phi Beta Sigma and the Syracuse University Office of Multi-Cultural Affairs (OMA) for a “Think Tank” with the incoming Syracuse University freshman class. The students were involved in the Summer Start program where students have an opportunity to take classes and become familiar with the campus in the summer before their first semester at Syracuse University.

The “Think Tank” is an event designed to allow black leaders on the Syracuse University campus to speak with students about issues they may encounter throughout their collegiate career. The event primarily focuses on aiding minorities in the adjustment period and raising the awareness level of diversity among college students.

The topics discussed involve; transitioning from high-school to a college environment, dealing with a possibly unfamiliar, predominantly Caucasian race dynamic in the classroom, and dealing with a more hefty workload in college. Kappa Chapter played an important role in the facilitation of the dialogue and setting the tone for topics of discussion. Approximately 70 new students participated in the event.

Kappa Chapter launches canned food drive for those in need

Syracuse, NY - On November 21, 2010 the brothers of the Kappa Chapter of Omega Psi Phi Fraternity Inc., held their annual Founders’ Week Canned Food Drive for the Syracuse University campus and the surrounding Syracuse community. The brothers and a few volunteers went door to door collecting canned food and non-perishable food items. At the conclusion of the day, approximately 500 lbs of food was collected.

A week prior to the event, brothers set up boxes to be used for donations at numerous positions around the campus. These locations included but were not limited to: fraternity and sorority houses of the IFC and Pan-Hellenic councils, dining halls, and in selected residence halls. The community’s cooperation was a tremendous asset and Kappa Chapter was able to accumulate over 500 lbs of food that was donated to the Dunbar Community Center for Children at the west side Syracuse Community.

Pi Omega Chapter holds “Staying Alive” Community Health Fair

Baltimore, MD - (June 19, 2010). Pi Omega Chapter hosted the Pi Omega “Staying Alive Community Health Fair.” The Health Fair was the vision of Brothers John Berkley and Dwayne White. Approximately 96 African-American men had prostate screenings during the health fair.

Staff members of the Chesapeake Urology Center were impressed with the number of screenings performed. Omega men led by example and were acknowledged over the radio airwaves by Magic 95.9., who provided music for the event. Brothers Lasava Tidwell and Clarence Jeffers utilized their professional contacts, influence and expertise to implement and execute this most successful and rewarding “now” annual event. Brother William Haskett utilized his influence to donate over \$6000 worth of food products which Pi Omega Chapter freely distributed to patrons during the Staying Alive Health Fair. Other health care providers gave bone density screenings, blood pressure screenings, and HIV/AIDS testing.

The neighborhood kids enjoyed book giveaways sponsored by the Enoch Pratt Library and Baltimore Reads. The Baltimore Fire Department distributed smoke detectors to the community residents and toys to the neighborhood children.

Gamma Pi Chapter’s Annual Seniors Banquet gets better each year

Prince George’s County, MD – One of the rites signaling the start of summer for many seniors in the local community is sitting down to the table with the local Omegas. Every year, senior citizens look forward to fellowship with the brothers and witnessing an entertaining and inspirational program from Gamma Pi Chapter. For many, it is simply a relaxing Saturday afternoon punctuated by a hot meal, exciting door prizes, live musical entertainment and a word from the “Good Book.” It is the chapter’s way of bringing Uplift to people who deserve it for all they have done.

Nearly 100 seniors joined the chapter for the 2010 Seniors Banquet. Among those in attendance, was State House Delegate Jolene Ivey (District 47). For many seniors attending the program, the highlight was the fellowship itself. In a world where so many seniors live alone or find themselves spending long stretches of time without companionship, the opportunity for them to come to a central location and just fellowship with others is a major attraction of the banquet. Seniors get all the attention at this event.

In addition to the fellowship, there was a stirring sermon delivered by Brother Rev. Rodney Barnes. Earlier this summer, Brother Barnes, was installed as the Assistant Pastor of Gethsemane AME Church in Landover, MD where his wife was also installed as the Senior Pastor. Brother Rev. Barnes, a police officer by day, talked to the “seasoned saints” about “living a life guided by the hand of God,” leaving many of the seniors wiping their brow and longing for more. Brother Marcus Davis and his sister, Stephanie, brought forth several musical selections and teamed with a guest musician, Brian Hill, on a soulful spiritual saxophone solo. Brother William Reese served as Master of Ceremonies. Brother Ikey Staton has become familiar to the seniors as “prize man” for leading the prize giveaways. In the tradition of powerful pulpit ministers within Gamma Pi, Chaplain Brother Dr. Gerald Folsom gave the opening prayer and also stirred souls by nearly breaking into a sermon of his own.

In a first, the chapter sponsored a very informative presentation on Stalking and Domestic Violence. Seniors are often the target of shifty schemes devised in the Digital Information Age. The presentation was given by Barbara Givens, a domestic violence support coordinator in the county and head of Seniors Against Stalking and Domestic Violence in the county.

Brother Dr. David H. Reid, Jr. celebrates 101st birthday & 83 years in Omega Psi Phi Fraternity, Incorporated

THIRD DISTRICT

Washington, DC - Brother David H. Reid, Jr. (Upsilon, 1927) celebrated his 101st birthday on May 17, 2010. In 2009, he was feted with a grand centennial birthday celebration. Among the many accolades was a special purple and gold birthday card from the brotherhood, plus a Centennial Proclamation from Brother Warren G. Lee, Jr., 38th Grand Basileus.

Brother David H. Reid, Jr. was born in Raleigh, NC on May 17, 1909 and was first introduced to the Omega Psi Phi Fraternity at Shaw University located in that city. At that time there were no high schools in Raleigh that African-Americans could attend. However, both Shaw and St. Augustine, the other predominantly black college in Raleigh, offered high school courses. Brother Reid was impressed with the Omega brotherhood and after his graduation from Shaw's high school curriculum in the spring of 1926, he entered Wilberforce University of Ohio, and in the fall of that year was inducted into the Lampados Club.

A year later, on a cold and dreary day in mid-November 1927, he, along with his other two line brothers, were taken from the campus and walked a distance to what they assumed was a house. With assistance, the three entered the house and were immediately led down a staircase to the basement. To his surprise they were led down another staircase to a sub-basement with a dirt floor, where the induction rights of the Omega Psi Phi Fraternity were administered. Brother Reid and his two line brothers arose as new, proud members of the Upsilon Chapter of Omega Psi Phi. His Omega brand, though faded, is still identifiable on his chest. Brother Reid returned to Raleigh, for Thanksgiving, so proud of his Omega pin, and wore it almost constantly.

During the initiation, it was revealed that the sub-basement was a station of the Underground Railroad. The house was owned by "Mother Young," wife of the deceased Omega Brother Colonel Charles Young, the highest

ranking black officer (Lt. Colonel) in the United States Army until his death in 1922. The Colonel Charles Young house is a National Historic Landmark in Wilberforce, Ohio.

Brother Reid and other chapter brothers tutored young men in mathematics, science and English, many of whom later became Omegas. Brother Reid recollects that there were not many members of the Fraternity at Wilberforce at that time. The academic and character standards of the Fraternity were so strict that few were eligible and even fewer were chosen.

Brother Reid graduated Wilberforce in 1930, and after a year in Raleigh, entered the Howard University School of Medicine along with Brother John Oliver, a fellow member of Upsilon Chapter. He joined Alpha Omega Chapter in 1931 until 1935. He graduated from the Medical School and returned to Raleigh. Taking the North Carolina medical boards, he achieved the highest score ever recorded for the examination. There was no graduate Omega Chapter in Raleigh, but he spent much of his time with the undergraduate brothers from Shaw and St. Augustine, encouraging them to be the best they can be, and emphasized the importance of character and education.

In 1939, Brother Reid returned to Washington, DC, rejoined Alpha Omega and opened his medical practice. He served Alpha Omega in many capacities, including Keeper of Finance. He was always interested in the activities of the Alpha Chapter at Howard and offered his assistance in any way possible. His son, Dr. David H. Reid III, was initiated into Omega, through Alpha Chapter, on April 4, 1964. His lifelong companion and wife, Rachael, died in 1992.

As a word to the younger Omega brothers, "Remember the Cardinal Principles and the meaning of each of the Pearls. Walk tall, excel in education, yet be humble in the face of God."

Brother Reid fondly remembers numerous Alpha Omega brothers: the Oliver brothers, John and Basil, Frank Page Bolden, Father H. Albion Farrell, and James Quander, founder of the Les Jeune Hommes, the Omega interest group. These are men with whom he developed special personal friendships. Not surprising, after all, "Friendship is essential to the Soul."

A “Day of Recognition” for Brother Colonel Charles Young

Washington, DC - Braving the sweltering heat and an impending thunder storm, 300 hard core supporters gathered in Section Three at Arlington Cemetery on June 1, 2010 for the 97th anniversary of the burial of Colonel Charles Young who had died on January 8, 1922 while serving as Military Attache to Liberia. Labeled “A Day of Recognition,” it became crystal clear that the gathering shared a single mission –

“to secure a promotion to Brigadier General for Charles Young, the son of former slaves, who was born in Mayslick, Kentucky on March 12, 1864.” His father, Gabriel, who had served with the Fifth Regiment of the Colored Artillery (Heavy) Volunteers during the Civil War, moved his family to Ripley, Ohio where young Charles would attend an all-white school and graduate at the tender age of 16 at the top of his class. He became a teacher in the black high school in Ripley. Later he would enter a competitive examination for an appointment as a cadet at West Point. After enduring the trials and tribulations of blatant racism, he became the third black to graduate from West Point and began an illustrious career which would eventually result in his assignment and death in Nigeria.

Organized by Charles Blatcher, III and the National Veterans Coalition, with funding from the Omega Psi Phi - John H. Williams International Museum, the ceremony began with a presentation of colors by the Spingarn and Dunbar (DC) High School Junior ROTC units, followed by greetings from Brother Warren G. Lee, Jr., 38th Grand Basileus of Omega Psi Phi Fraternity in recognition of COL Young. Other comments were rendered by BG (Retired) Robert A. Cocroft, current President of the NABVETS, DC City Councilman Steven Glaude, Judge James L. Gallenstein of Kentucky, and Mae I. Gill-Hawkins of the NAACP. Justin Baker, Staff Assistant to Congresswoman Barbara Lee of California presented House Resolution 5308, which would authorize the belated promotion of Colonel Young to Brigadier General. Historical justification and a brief biography of Colonel Young was narrated by Colonel Franklin J. Henderson (Ret-USA), who had journeyed from

Los Angeles to make his appeal to Congress.

Despite the ever-present heat, the participants from 12 states and the District of Columbia weathered a thunderstorm to hear Lt. General Arthur J. Gregg (USA-Retired) and Mr. Blatcher present excerpts from the eulogies by Theodore Roosevelt, Jr., Assistant Secretary of the Navy (1921-1924) and W.E.B. Du-Bois, Founder of the NAACP and Editor of the Crisis. Mr. Roosevelt, son of the famed Rough Rider and President, stated, “No man ever more truly deserved the high repose in which he was held, for by sheer force of character he overcame prejudices which would have discouraged many a lesser man.” Mr. Blatcher concluded with DuBois’ poetic words, “He is dead. But the heart of the Great Black Race, the Ancient of Days, the undying and Eternal - rises and salutes his shining memory: Well done! Charles Young, Soldier and Man and unswerving Friend.”

The ceremony appropriately ended with a reception, hosted by Congresswoman Lee, in the Caucus Room of the House of Representatives where the Baltimore and DC Chapters of the 9th and 10th (Horse) Calvary Association stressed the urgency of securing wide-spread support for House Resolution 5308. The reception was sponsored by the Omega Psi Phi- John H. Williams International Museum.

During this joint ceremony and fundraising event, over \$120,00 was raised in scholarship funds and over \$80,000 confirmed awards were given to 22 local students.

"Giving back to the community involves more than one's time. It also requires one's resources and special gifts." Brother Carlos Miller lives these principles and believes in them each day of his life. Brother Miller is the General Manager for Commercial Licensing for General Electric Aviation. Brother Miller's professional life drives contract negotiations, branding of service solutions and setting new channel distributions for General Electric products and services. Continuously improving these skills, Brother Miller has used that drive to facilitate scholarship awards and other significant efforts by chairing the GCAASF for over three years.

The mission of the GCAASF is "to provide educational scholarships and promote career development opportunities for area African American students by partnering with Greater Cincinnati businesses." Through the combined efforts of several local businesses and the

leadership of Brother Miller, the GCAASF has assisted over 150 local students from more than 30 different local high schools in their pursuit of a college education. Recognizing Colonel Charles Young's extraordinary accomplishments

Lexington, KY - On Sunday, September 19, 2010, Brother L. Rodney Bennett, Psi Tau Basileus and Pastor of Second Baptist Church May's Lick in Mason County, KY (where esteemed Brother Colonel Charles Young was born), and several Mason County officials joined with Mr. Charles Blatcher III, chairman of The National Veterans Coalition, and representatives from the American Legion Cook-Nelson Post No. 20 to tour his birthplace. Blatcher presented the county with a copy of a painting by Kevin A. Johnson depicting Brother Young as he travelled to Washington, D.C., and said now would be a perfect time for Mason County to pursue a national historic register designation for Brother Young's birthplace and funding to preserve and restore the log cabin.

Among the current efforts to honor Young, who was the highest-ranking African-American man in the U.S. military at the time of his death, is one to posthumously promote him to the rank of brigadier general. In addition to legislation in support of the promotion, two house resolutions are also pending - one to designate a trail in California traveled by Young and the Buffalo soldiers as a historical trail and the other to bestow a historical landmark designation on Young's home in Ohio. Brother Young was born to former slaves in 1864 and became the third black man to graduate from West Point Military Academy in 1889.

Brother Young served as a military attache to Haiti and Liberia. He was also the first black superintendent of a national park and the first black man to reach the rank of lieutenant colonel and colonel. Long live the spirit of our esteemed Brother Colonel Charles Young.

Gamma Iota Chapter hosts 19th Annual Boys Camp

Sumter, SC - The Gamma Iota Chapter held its 19th annual Camp A.M.I.G.O at Mill Creek State Park near Remini, S.C. The camp is for boys ages 8 – 14 and was held June 20 – 25, 2010.

The acronym AMIGO stands for Acquiring Motivational Ideas and Goals to Seize Opportunities. It was created by the late Brother William Blanding (whom our mentorship program is named after). Brother Blanding was tired of the brotherhood talking about the plight of our young black males. He challenged the chapter to be the one to help mentor, encourage and hopefully change our young men so they will not become unproductive men later in life.

The camp is part of the ongoing effort of community service in Sumter and the surrounding areas. With this vision, a camp was formed to do just that. Participants learn many principles of life during the camp including Manhood, Scholarship, Perseverance and Uplift, the cornerstone of our beloved Fraternity.

In addition to the swimming, bowling and campfires, we took the boys to Charleston, SC to tour the Old Exchange and Provost Dungeon. The campers finished their day in Charleston by visiting the Splash Zone Water Park.

Many of our campers have gone on to become doctors, engineers, and artists. Some have become members of our Fraternity. We really enjoy spending time nurturing and mentoring these young men as they enriched our lives as well.

This year we lost one of the founders of Camp AMIGO, Brother Robert R. Hooper. Many of the campers attended Brother Hooper's funeral. We dedicated the camp and this article in his memory.

Campers listen to the history of the Old Exchange and Provost Dungeon.

For lighting, Brother Douglas also single-handedly trenched 100 yards from the house to the roadway to install lighting with the use of his pick axe and Perseverance.

Brother Ramon Harewood (Psi Chapter) drafted to the NFL's Baltimore Ravens

Atlanta, GA— Brother Ramon Harewood was initiated into Psi Chapter (Morehouse College) Spring 2008. Exemplifying the Cardinal Principles of manhood, scholarship, perseverance, and uplift, Brother Harewood is a young man of many talents.

In the spring of 2006, the 6-foot-6, 340-pound Harewood enrolled into Morehouse on an academic scholarship. At Morehouse, Brother Harewood had immediate success making the Dean's List every semester earning better than a 3.0 grade-point-average. While maintaining stellar grades in college Brother Harewood, who had never played American football prior to 2006, didn't experience the same immediate success on the football field.

"I didn't immediately fall in love with football," Brother Harewood said. "My first year was a little bit tough trying to get adapted to the sport. I didn't really know too much about football."

In April 2010, Brother Harewood was selected in the sixth round of the 2010 NFL Draft to the Baltimore Ravens. The Ravens realize Harewood has a lot to learn, but his potential is endless and they are looking forward to the success that Harewood can bring to the offensive side of the ball.

Eta Alpha Brothers receive several honors

Jefferson City, MO—On Saturday, April 10, 2010, during the 8th Annual President's Awards and Recognition Gala, Brother Dr. Nathan H. Cook, retired Lincoln University Professor, was awarded Professor Emeritus status in recognition of his distinguished service. Brother Cook holds both a B.S. and a M.A. degree from North Carolina Central University, as well as a Ph.D. in zoology from Oklahoma State University. Dr. Cook began his tenure at Lincoln University in 1971 and before his retirement in 2002, he would hold a dozen teaching and administrative positions, including University Marshall; Professor of Biology; Head of the Department of Biology; Acting Coordinator of Academic Affairs; Dean of Graduate Studies; and Vice President of Administration and Finance to name just a few. Brother Cook was initiated into the fold of Omega through the auspices of the Tau Psi Chapter in 1960. He continues to be an active member of the Eta Alpha Chapter and currently serves as Keeper of Records and Seal.

Brother Mario Rudolph was recently featured in an April 2010 Jefferson City News Tribune article highlighting the Big Brothers Big Sisters program. Rudolph, who is a recent Lincoln University graduate and current University of Missouri-Columbia graduate student, realized a need for adult mentors within the program while conducting research for community service ideas. He soon signed up as a mentor. "This is something I could do to really have an impact on the community," he said. Brother Rudolph, as one of the youngest members of the Eta Alpha Chapter, is a living breathing contradiction

to the gloom and doom prognosticators have predicted for the future of our great Fraternity.

Friday, October 8, 2010, was marked by a very special dedication ceremony commemorating

the renaming of the Lincoln University Printing Center in honor of Brother Lucius Jones. For 40 years Brother Jones rendered extraordinary service to the university as a production printer and instructor in the Department of Technology and Industrial Education. Brother Curtis Whitten appointed to lead the Kansas Juvenile Justice Authority

l-r: Grand Basileus Warren Lee presents Brother Whitten with Fraternity Service award.

Wichita, KS - Brother Curtis Whitten, a native and resident of Wichita, formerly worked for the state corrections department as a court service officer and for the federal Drug Enforcement Administration as a criminal investigator. He is now president of a private security company.

Brother Whitten was initiated into the Omega Psi Phi Fraternity through Epsilon Psi Chapter at Wichita State University in 1983. He is currently an active member of Gamma Upsilon in Wichita. As Juvenile Justice Authority Commissioner, Brother Whitten oversees all three juvenile correctional complexes in Kansas, where offenders between age 10 through 17 are detained and treated.

Prior to his appointment, Brother Whitten worked as president and CEO of VendTech Enterprise, which provides security for commercial and government facilities, does background checks and private investigations and serves subpoenas.

As Juvenile Justice Authority (JJA) Commissioner, Whitten would be instrumental in

helping fight crime and stop marriage discrimination, but his role goes further than that, Governor Sam Brownback said. Governor Brownback appointed Brother Whitten to this post.

"It also means working with children in detention to grow into productive members of society who can someday raise children of their own," Brownback said in a statement. "We want to provide him and his family the tools he needs to get back on the right path and not commit another crime that lands him back in trouble. Curtis Whitten will do that."

The JJA runs centers for young offenders and has an operating budget of \$99 million and a staff of 540. Brother Whitten has spent his entire career in law enforcement, having worked with the Kansas Department of Corrections, and the federal Drug Enforcement Agency. He also serves on the Kansas African-American Affairs Commission and the governor's task force on racial profiling.

Rho Nu Chapter conducts 4th Annual Adopt-a-School Program

Galveston, TX — On September 24, 2010, Rho Nu Chapter conducted its fourth annual Alvin Stevenson Adopt-A-School Program. Each year the chapter donates supplies to a designated school in Galveston Independent School District, where Brother David O'Neal is a member of the Board of Trustees. For the fourth year, L.A. Morgan Elementary served as the beneficiary. Galveston ISD is still reeling from the affects of Hurricane Ike, which forced closures of elementary schools on the island. Additional children were shifted to L. A. Morgan, increasing the need for school supplies.

To support this program, the brothers of Rho Nu held a school supply drive at their annual Friends and Family Picnic on August 21, 2010. The chapter also received donations from Boeing, which has participated in the drive for the last 3 years. In total, a donation of \$2,300 worth of supplies was made to the school. L.A. Morgan Elementary has transitioned to a science and engineering academy, which focuses on challenging children intellectually, growing them socially, and guiding them towards independent thinking and problem solving.

The brothers were able to collect thousands of dollars in school supplies at their location. The organizers stated that the Omega store was one of their most productive. Omega partnered with the Boys and Girls Club and used the opportunity to mentor while they worked. The highlight of the day at the store was when brothers who were tired of low donations, entered the store and filled carts with supplies and pushed the carts throughout the store convincing patrons to donate.

“Que-Cuts 2010” – Psi Alpha Chapter assists the youth of San Antonio with 500 free haircuts

San Antonio, TX – Crowds of children excited about the upcoming school year sat patiently with family members waiting for their back to school haircut. Many take haircuts for granted, but for some, a free haircut means a great deal.

Since 2003, Psi Alpha Chapter, in association with Williams Barber College have offered free haircuts to area students. In April of 2003, Psi Alpha approached Clarence Williams to discuss a program where school age students could get haircuts in preparation for Easter. The success of that first event gave us the idea to hold this event annually, prior to the first day of school. The idea for the haircuts came from one of Psi Alpha's member who spent a great deal of time mentoring at Carroll Elementary School. He realized many of the students had not had a haircut since the beginning of the school year. He remembered when his father took all his students to the barber and paid for haircuts to assist with their self-esteem. In the past seven years, thousands of area youth and benefited from this event.

Big Brothers and Big Sisters were invited this year to match youth with mentors and gave the “Bigs” who mentor a chance to experience the “Barbershop.” The local leadership of Big Brothers Big Sisters loved the event and have penciled in next year's event as one they must attend. This year's event was a success and the members of Psi Alpha will be back in August 2011.

Psi Alpha and Alpha Delta Lambda “Stuff the Bus”

San Antonio, TX— Each year many of America's youth go to school without the proper tools to be successful. The brothers of Psi Alpha Chapter heard about the city's annual “Stuff the Bus” campaign and offered their assistance. “Stuff the Bus” is a one- day school supply drive where local companies partner with the largest supermarket chain in the city, HEB, and park a schoolbus at 45 of their locations and solicit donations from 7am to 7pm.

The operation is two-fold: volunteers manage a store location soliciting donations and filling the bus with supplies while others manage a warehouse unloading the supplies and organizing the supplies for delivery. Instead of choosing one responsibility over another, brothers of Psi Alpha partnered with the undergraduates of Alpha Delta Lambda – University of Texas at San Antonio, to volunteer at a local store and manage the warehouse operations.

Brother J. McMillion retires after 22 years of service

On August 6, 2010 Brother Jimmie E. McMillion, Psi Alpha (2005) retired from the United States Air Force-Active Duty after 22 years of faithful dedication and service. The service was officiated by Brother Colonel Gerard Jolivette (Gamma Gamma 1979). The

highlight of the ceremony was the unselfish gift Brother McMillion gave to one of Psi Alpha Chapter's living legends. Brother McMillion gave his retirement flag to Brother Warren "The Godfather" Eusan, (Theta 1939) who was an "Original Tuskegee Airman."

The retirement flag is one of the greatest honors a service member receives upon ending a successful military career. The other flag that service members receive is given to their families when they pass away. Since Brother Eusan did not retire from the military, he did not receive a flag and Brother McMillion wanted Brother Eusan to receive his honors while he can enjoy it.

Brother McMillion stated that he felt Brother Eusan and other "Tuskegee Airmen" had done a great deal to help mold the modern day U.S. Air Force. Brother McMillion presented Brother Eusan with his flag, and indicated it was the right thing to do to honor his Fraternity brother who helped pave the way for him and so many other African-Americans who served in the United States Air Force.

Nu Chi Chapter sponsors Big Brothers Big Sisters Program

East St. Louis, IL - For more than 100 years, Big Brothers Big Sisters has operated under the belief that inherent in every child is the ability to succeed and thrive in life. As the nation's largest donor and volunteer supported mentoring network, Big Brothers Big Sisters makes meaningful, monitored matches between adult volunteers ("Bigs") and children ("Littles"), ages 6 through 18, in communities across the country. The program promises to develop positive relationships that have a direct and lasting effect on the lives of young people.

Members of the Nu Chi Chapter actively participate in the Big Brothers Big Sisters Program. Brother Andrew Bailey, an adult volunteer of BBBS, visited the St. Clair County fair in Illinois with little brother Cody Mason. This was Cody's first time to the fair and the first time to view farm animals. The evening spent with Cody was full of excitement and proved to be very informative to both Cody and his birth brother D'Angelo, who happened to tag along.

The Big Brothers Big Sisters mission is to help children reach their potential through one-on-one relationships with mentors that have a measurable impact on youth. The Big Brothers Big Sisters vision is successful mentoring relationships for all children who need and want them, contributing to brighter futures, better schools, and stronger communities for all.

Brothers remark that it is always important to recognize Brother Dr. Charles Drew's great contribution to the world and the health field. The brothers of Kappa Phi Chapter also performed one of the newest mandated programs when they exercised their civic duty in adopting a three-ward voting poll for the September 2010 primary elections. The voting poll had to be staffed with three election inspectors and three chief inspectors for each polling site. Each election inspector had to attend a two hour training session, and the chief inspectors a five hour training session, prior to working the election polls. Today's Leaders Awarded

Detroit, MI - The Detroit Omega Foundation, Inc. (DOFI) continued its tradition of awarding college scholarships to deserving students leaders who will be enrolling this fall 2010 at a historically black college or university. A successful academic record along with evidence of community service, letters of recommendation and financial need are the basis of awarding the scholarships. Each scholarship is valued at \$5,000 and is renewable over four years if scholars maintain full-time status along with a mentoring relationship with a DOFI board member and a former DOFI Scholar to ensure success.

"DOFI is committed to the legacy of Bill McGill and helping students during these tough economic times is what we do," said Charles E. Allen, Board Chairman for DOFI. "This class has some of the most diverse academic talent and community service oriented leaders in some time," said Henry R. McKee, Scholarship Chairman.

The 2010 DOFI Scholars are Blake Bufford, Jobari Mathews and Micomis Miner, all honors graduates.

"We continue to attract the best and brightest academic talent to our scholarship program. Many of these families need this type of financial help and that makes a tremendous difference. Scholarship is a Cardinal Principle that we make a priority, so we award today's leaders for tomorrow's world," said Medgar Clark, Executive Director.

Zeta Phi Chapter celebrates 85th Anniversary

Indianapolis, IN – On Saturday, June 12, 2010, members of Zeta Phi Chapter gathered inside the Grand Hall Building on the grounds of the Indiana State Fairgrounds in Indianapolis, IN, to begin a year-long commemoration of the chapter's 85th anniversary. The day began with a seniors breakfast that brought together more than 50 Omega Men representing three generations from around the country to recall and recount the rich history of the chapter.

Zeta Phi has produced three past Grand Basilei (and later became home to another), more than any other single chapter since it was chartered in April 29, 1925, including the 31st Grand Basileus, Brother Burnel E. Coulon.

Brother Burnel E. Coulon (Lambda Epsilon, Winter 1950) was in attendance, and blessed the brothers with tremendous words of wisdom and encouragement, as did Brothers Charles E. Harry, IV (Zeta Phi, Spring 1948) and William Malone (Zeta Phi, Spring 1949), all of whom shared history of the Chapter and our beloved Fraternity from the perspective of their combined 183 years in Omega.

Later that evening, many Greeks and non-Greeks in Indianapolis came out to help Zeta Phi celebrate its 85th anniversary by attending a soirée also held in the Grand Hall.

In the Chicago area... “Ques Got Sole!”

Chicago, IL – During this year's Chicago Football Classic Tailgate, held Saturday, September 18, 2010, brothers did more than just fellowship. That's because the yearly classic was transformed into a Social Action event supporting the “Share Your Soles” organization.

While in the South Parking Lot of Soldiers Field, brothers collected an estimated 500 pounds of donated shoes. The shoes will be cleaned and shipped to a needy third world country. Share Your Soles (<http://www.shareyoursoles.org/>) has partnered with this annual effort, which is a joint effort and dubbed as a “Party with a Purpose” event.

The 2010 neophytes stepped up and put in the work needed throughout the day. It was great seeing the neophytes working together from the different Chicago-area chapters and sharing the load. General (Brother) Mandel “Hustle Man” Williams out-did himself this year with the fanfare, decorations, and music line-up including an all Omega DJ lineup.

A good day in Englewood . . .

Englewood, IL - The community of Englewood has had some terrible news of crime and violence in 2010, but Saturday, August 28, 2010 had positive news. The great thing is that the positive news involved positive black men and the Englewood Back to School Parade.

The Rho Gamma Gamma Chapter has been involved with the Englewood Back to School Parade for over 20 years. Brother Lionel Pittman works with the Parade Committee and is the emcee of the event every year.

The brothers are always multitasking during this event. They are parade marshals, crowd management, food servers, chair & table movers, role models, and school supply deliverers. Since school will begin in two weeks for the remainders of the Chicago Public School students, these Omega Men look forward to assisting as many of the needy families as possible with book bags (filled with school supplies).

School supplies are essential to a student starting off the school year properly. With that in mind, the Omegas come up with a plan to purchase book bags and school supplies every year. Last year, the goal was 500 and this year's goal was 750. This year's goal was not met (possibly due to the harsh economy), but there was a valiant effort made to achieve that goal.

Even though the goal was not met, Rho Gamma Gamma Chapter truly appreciates those who made an effort to achieve that goal. A special thanks to New Faith Baptist Church (Matteson, IL), Sigma Omega & Mu Xi Chapters (Omega Psi Phi), and State Farm, who had a special appearance by the Good Neighbor Bear. Brother Michael Johnson, the Social Action Chair, did a great job coordinating the book bag packing and distribution. The 2010 Rho Gamma Gamma neophytes showed up and got right to work as well. This was a good day in Englewood.

The show of enthusiasm, hospitality, and true commitment to uplift the community earned them the ACS "Most Spirited Award!"

On Saturday, July 31st the brothers of Tau Kappa Kappa Chapter conducted Operation Omega Uplift at the Children's Center Child Welfare & Foster Care Center. The mission was to help support the event cook-out from 9 am to 3 pm. Brothers started the set-up around 9:45 am helping the center get everything in place and by the end of the day the center had about 150+ kids and adults come out to the event.

Tau Kappa Kappa Chapter also conducted its 2nd Annual Operation Omega School Supply Giveaway and Back To School Fair on Friday, August 20th at the Children's Center to support the kids (K-12th Grade). The chapter supplied enough school supplies for 90+ kids to better prepare them for the upcoming school year. Pasadena Unified School District's College Fair

Pasadena, CA - Saturday, October 16, 2010 – Overcast skies and light precipitation greeted Zeta Tau Chapter brothers and other Greek-lettered fraternities and sororities as they presented information regarding scholarship possibilities and information about the national essay contest for high school graduating seniors at Pasadena City College during Pasadena Unified School District's (PUSD) 7th annual college fair.

The brothers were pleasantly surprised to have a distant relative of one of the Fraternity's Founders in attendance. Ms Yasmin Just Delahoussaye, a distant cousin of Founder Dr. Ernest E Just, greeted the brothers and thanked them for continuing to be engaged in community-based activities.

Students and their parents from the San Gabriel Valley community attended the event and visited with college and university admissions officers and representatives from California and from across the nation. Each year, the PUSD College fair attracts a variety of colleges and universities, public and private, small and large.

Zeta Tau Chapter Brothers Gene Quishenberry and Harold Reese were kept busy talking to students and their parents about opportunities to attend colleges of their choice. Students were also given information about the Omega Psi Phi national essay contest as well as the availability to compete for a scholarship offered by the Zeta Tau Chapter. Representatives from other Greek-lettered fraternities and sororities were present handing out material and information about scholarships for high school graduating seniors that go unnoticed or unclaimed each year.

University admission representatives from Fisk, Howard, Morgan State, Southern and Tuskegee University were on hand for the event. This appeared to be one of the largest college fairs hosted by PUSD and its community-based partnerships in the area.

Omicron Nu Chapter Youth Talent Show

Seaside, CA- Omicron Nu Chapter, March 13, 2010. The brothers of Omicron Nu Chapter co-sponsored a youth talent show with the City of Seaside. The event was held at the Oldemeyer Center in Seaside, California and showcased the talents of the youth in the surrounding area. It was a great outlet for the youth to showcase their talents and gain support and encouragement. The brothers of Omicron Nu supported the event by participating as judges, main auditorium security, back-stage managers, co-master of ceremonies, and audience participants. They even set up and sold food and refreshments in the lobby of the Oldemeyer center during the event.

It was a very successful show that grows stronger each year and is in the best tradition of Omega Psi Phi Fraternity, Inc. community service efforts.

Good work Omicron Nu brothers! Let us make next year's talent show an even bigger success!

Tau Tau Chapter 2010 Youth Leadership Conference Compton, CA

TWELFTH DISTRICT

Tau Tau Chapter Holds 17th Annual Youth Leadership Conference in Compton, CA

Compton, CA- Saturday, October 23, 2010 – After 17 years, Tau Tau Chapter's program of molding and shaping young boys ages 8 to 18 into men, continues through its Youth Leadership Conference (YLC).

But is the program really working? If mothers are to be the judges of what Tau Tau Chapter and other brothers of Omega Psi Phi are doing in Southern California, the verdict is in.

Tau Tau Chapter is working hard to transform the lives of young men in the Los Angeles area. The YLC continues to positively impact the lives of young Black boys. Their mothers want to see more being done to help them raise "boyz" from South Los Angeles. They have said repeatedly to Tau Tau Chapter that they need the help of Omega men to inspire their sons to begin thinking great thoughts and doing great deeds.

One mother sent a note to Brother Ricky Lewis, program coordinator of the YLC, that described her emotions about her son's experience attending the YLC: "Not since the day of the 2009 Presidential Inauguration of Barack Obama have I been so overwhelmingly moved and so proud of the collective efforts of our strong black men."

She didn't stop with that comment. She told of a tragedy that her son witnessed that had affected him deeply; he saw his dad being arrested and subsequently incarcerated. Nonetheless, she has given in neither to fear nor has she surrendered her son to the streets of Los Angeles. Instead, she has hope.

In a note to Brother Lewis, she said; "Just watching and seeing how so many successful black fathers, sons, businessmen, community leaders, professionals, Christians, self-proclaimed comedians, and downright good and very real people came together to mentor, give back, and help shape the lives of so many young boys like mine literally pierced my soul."

This sentiment was expressed time and again by parents, especially mothers of young growing males. Dr. Anthony B. Maddox, professor of clinical education at the University of Southern California, coordinated the parent program on behalf of the Fraternity.

An expert in the fields of computational linguistics research, computer engineering and visioning research, Dr. Maddox, teaches and conducts research in areas of science, technology, engineering, and mathematics. He has a particular interest in the teaching and learning process. He is especially adept at teaching parents the how-to-knowledge of being better educational role models for their sons.

Prior to his appointment at USC, Dr. Maddox was Chief of Staff and Interim Chief Neighborhood Officer with the Los Angeles Urban League. According to Dr. Maddox, who is a community informatics, and social cognition specialist, "nearly 70% of Black families are headed by single mothers." He says that many Black children are raised by mothers without men as part of a nuclear family and that "a majority of black girls and boys grow up to manage their own

health, housing, employment, education, and safety. Circumstances considering, I consider this successful without consistent male influence,” he said.

Dr. Maddox is not discouraged by these facts, however. Though some research and experiences suggest that having Black men involved in teaching young Black males to be men is preferable, Black women, he asserts, “are successful when such preferences cannot be achieved.”

When asked about issues that concerned parents the most about their young boys growing up in Los Angeles, Dr. Maddox said, “We have learned that parents need uplift, which is one of our Cardinal Principles.” Dr. Maddox believes that parents need at least one program segment during the conference that focuses exclusively on them, “and a space for them to share.” He believes an intensive and exclusive parent-to-parent time slot will be helpful in further strengthening the role and place of YLC in educating young Black men.

So, what does it take for the program to go year-after-year? The founding director, Brother Ricky Lewis, was up and present at the YLC site by 6:30 a.m. the morning of the event going over the program and making certain that it would function as planned. He acknowledged the YLC has been growing each year. Last October in Compton, the conference saw a record number of men of Omega Psi Phi Fraternity, Inc., actively engaged and a record high attendance of parents engaged with their sons at the conference.

Brother Lewis was most impressed by this year’s activity. Even in the rainy fall weather in what is normally “sunny southern California” the turn out of parents and Omega men was impressive. “In the rain, 265 young men and over 100 parents and over 130 OMEGA men showed up,” he said with pride.

Looking forward, Brother Lewis has two great wishes for the YLC. He is optimistic that “more Omega men will show up and develop a more one-on-one relationship with the young men” that they teach in the conference and that the YLC “will grow to top 1000 young men” and that the YLC will gain “one or two major sponsors.” Brother Lewis is committed to continuing to do whatever it takes to reach these goals and he believes that with “consistent growth and parental support” they will get there.

Brother Lewis was asked how other Chapters in other cities might do what they have been successful

in doing here in Los Angeles. “We are replicating and duplicating the YLC already” he said. He mentioned Eta Alpha Alpha Chapter of Omega Psi Phi Fraternity, Inc., in Pomona, CA. Eta Alpha Alpha is having its 2nd YLC, and other chapters are having YLC’s around the country,” said Brother Lewis. The program coordinator of the Eta Alpha Alpha Chapter’s YLC is Brother Jim Wilson.

Brother Wilson acknowledged that Tau Tau Chapter’s YLC served as the model for the program in the Inland Empire. He said that his chapter had noticed a general decline in academic focus among Black students in the Pomona School District. “Not a single Black male high school student that graduated from Pomona High School in 2008 attended College.” He further said that his chapter had noticed a general lack of identity among Black high school students and that most of the scholarships given out at the school were awarded to Asian and Hispanic students. He wondered what Omega men might do to ameliorate the condition to the benefit of young Black male students.

Thus, the idea of promoting a Youth Leadership Conference in Pomona was born. Eta Alpha Alpha’s 2nd annual YLC is scheduled to take place in March 2011. Brother Wilson is hoping that through the efforts of Eta Alpha Alpha Chapter in Pomona, the Men of Omega Psi Phi will refocus the attention of young Black male students on the value of getting a first class education while in high school.

Further, he hopes that more Black students will begin to see the value of continuing their education by going to college and by not being satisfied with where they are in life at the present time. He said, “Too many of our young people are comfortable with their present life style – at their parent’s expense.” And, Eta Alpha Alpha wants to change attitudes and behavioral patterns of young Black students in the Inland Empire.

Lambda Beta Beta Chapter active in the local Hawaiian community

Honolulu, HI - The Lambda Beta Beta Chapter of Honolulu, Hawaii continues to spread community service and health awareness throughout the Hawaiian Community. On 18 April 2010, Lambda Beta Beta Chapter participated in the 19th Annual Honolulu Aids Walk held at Kapiolani Park located in Waikiki, HI.

The event attracted an estimated 4,000 participants and 200 volunteers, and raised more than \$165,000 to support Life Foundation. Lambda Beta Beta made a vigorous effort to collect over \$1,100 through generous donations on the "Tropic Lightning Ques" Life Foundation on-line website and Facebook ads. All proceeds will go to helping Life Foundation provide free HIV testing and education to the public, as well direct services to individuals on Oahu living with HIV/AIDS.

Over the past three years Lambda Beta Beta has made the Honolulu Aids walk an intricate part of their Social Action and Health Awareness Program. Each year their fund raising efforts and participation continues to grow. This year alone, Lambda Beta Beta collected more donations than previous years and the amount of participation increased. About 30 Omega men their Families supported the Life Foundation Aids Walk to continue their efforts support the need of people living with HIV/AIDS.

The Brothers of Lambda Beta Beta Chapter have committed themselves to continued support of the Life Foundation in a conscious effort to stop the spread of HIV in Hawaii through education and HIV testing. Currently, about 60% of all HIV-positive men, women and children receiving case management assistance in Hawaii are helped by the Life Foundation's client services program. The nearly 700 current clients are representative of just about every racial and ethnic group in the nation's most diverse state. Every dollar counts. Every Dollar helps. Donations can be made online at www.lifefoundation.org, or via mail at Life Foundation, 677 Ala Moana Blvd. Suite 226, Honolulu, Hawaii 96813. For more information, visit Life Foundation's website or call 808-521-AIDS.

Brothers and Families of Lambda Beta Beta Chapter.

Baghdad, Iraq—One of the worst things that a military person has to overcome is the sense of separation that occurs when the time for deployment arrives. While the members of a military unit tend to gravitate to a level of closeness that resembles family, there is no replacement for those people a Soldier has known and grown to love over a lifetime.

The Brothers of Lambda Beta Beta Chapter honor our Omega Military Men level of commitment and are receptive to the needs of those who are deployed. In an effort to support our brothers, Lambda Beta Beta Chapter has developed a care package program for chapter brothers who are deployed to Iraq and Afghanistan.

Care packages that are sent to Chapter Brothers from those left at home can mean more than any words could ever describe and provide simple comforts

that are generally not available in a combat situation. A care package gives an emotional lifeline to our brothers in a brutal and harsh situation, and can reinforce the best attributes of humanity in uncomfortable circumstances.

Currently, we have four Brothers from Lambda Beta Beta Chapter currently deployed; LCDR Keith Major (Iraq), MAJ Lawrence White (Iraq), MAJ Courtney Henderson (Iraq), SSG Henry Thompson (Afghanistan). Lambda Beta Beta Chapter support and honor our brothers that are deployed. Their duty and service to our nation contributes to the liberties and freedom that are ever meaningful in our everyday lives as Americans.

Alpha Delta Xi Chapter continues to make Omega history

76th Grand Conclave (Raleigh, NC) —The undergraduate chapter of Ottawa, Canada continues to develop and mature while making its own impressions within the Fraternity. On Tuesday July 27, 2010 the Omega Psi Phi Fraternity witnessed the first winner ever from the 13th District for the International Scholar of the Year Award.

Brother MacAndrew Clarke, who was born in Montreal, Quebec, (which is where the first Canadian graduate chapter was established in Canada in 1923), won the highest award for scholarship that can be presented to any member of the Fraternity. In addition to this, Brother Clarke also won the 13th District Scholar of the Year Award, and the Founders Memorial Scholarship Award. The combined monetary value

for all of these accolades amounted to \$21,500. Brother Clarke is a full-time student studying in a Bachelor of Arts Honors program for Political Science, with a concentration in North American Politics, at Carleton University in Ottawa, Ontario. He has been a member of the Fraternity since November 20, 2009 and is currently the Keeper of Records and Seal for the Alpha Delta Xi Chapter.

Brother Clarke grew up in the borough of LaSalle which is known as being one of the trouble areas amongst other neighboring boroughs for the Southwest of Montreal. However, Brother Clarke said that he saw a wealth of opportunities once he was able to look beyond his socio-economic barriers. "I had to believe that I am more than my circumstances... the brotherhood furthered my motivation to reach higher and to be a better man."

Brother Christopher Infantry

Brother Kenneth L. Jones (Wia)

Brother Marc Proctor

Ottawa, Canada—Since the charter-ship of Alpha Delta Xi in June 2008, the brothers have always made a concerted effort to be visible within the campus. Brother Christopher Infantry, (who some may remember as being the first undergraduate recipient for the 13th District Scholar of the Year award in 2009), has been working hard within Carleton University. His most recent achievement was being elected as the Vice-President for Student Life for the Carleton University Students Associations, (CUSA). His role is to support and promote various activities that will engage students to become more involved in the university life.

Brother Marc Proctor is another member who recognizes the importance of being involved at school. Since 2009, he has been serving as the Co-ordinator of the Race Ethnicity and Culture Hall, (REC Hall). REC Hall is one of the 9 service centers managed by CUSA. REC Hall strives to ensure an all inclusive and interactive environment promoting the respect, recognition, and appreciation of racial, ethnic and cultural differences of the student body.

In addition, Brother Kenneth Wiafe provides the entertainment atmosphere as the official deejay for the campus pub; Oliver's. Oliver's is a student run business that is also overseen by CUSA. His skills as a deejay have been recognized throughout the campus, and when Oliver's was looking for a new deejay for this scholastic year, Brother Wiafe, (Ken L. Jones), not only gained the approval of CUSA but also by his peers when he showcased his talent in front of 700+ students during a live competition.

OMEGA CHAPTER

Revelation 7:15-17

And He said,

*“These are they who have come out of the great tribulation;
they have washed their robes and made them white
in the blood of the Lamb.*

*Therefore, “they are before the throne of God
and serve him day and night in his temple;
and he who sits on the throne will spread his tent over them.
Never again will they hunger; never again will they thirst.
The sun will not beat upon them, nor any scorching heat.
For the Lamb at the center of the throne will be their shepherd;
he will lead them to springs of living water.
And God will wipe away every tear from their eyes.”*
